

Macaroni Art

Create unique art using supplies found around your house!

Supplies Needed:

- Cardboard
- Paint (various colours)
- Macaroni (several different shapes & sizes)
- Hot glue gun & glue

Paint your piece of cardboard in the colour of your choosing. Go with a solid colour or an ombre effect, it's up to you!

Place the macaroni on your cardboard in varying shapes, create flower shapes with bowtie pasta, use shells for leaves and spaghetti for the stems. Elbow pasta make a good flower pot.

Get creative! Once you like the layout, glue in place with hot glue and paint your macaroni in the colours you like. For crisper lines paint the macaroni before gluing.
