Engaging with Your Members of Council

Cobourg Municipal Council is committed to building a Town Hall that works through openness and transparency, and where positive relationships are built with the public, community organizations and other stakeholders. Council connects with our community members each month. To connect with Council please see their contact information below:

Mayor Lucas Cleveland

Mayor Cleveland is available for meetings with the community weekly, on Wednesdays. To meet with the Mayor, you can email him at lcleveland@cobourg.ca or connect with his Executive Assistant, Toni Galea at 905-372-4301 ext: 4102.

If you would like to hear more from the Mayor's Office, please sign up for his monthly eNewsletter. To register, visit www.Cobourg.ca/mayor.

Deputy Mayor Nicole Beatty

Deputy Mayor Nicole Beatty hosts open office hours, weekly in Victoria Hall. Mondays: 9 - 11 a.m.

Location: Victoria Hall, 55 King Street West

Stay up to date on the day-to-day activity of Deputy Mayor Beatty by following her on social media

Facebook: [@NicoleBeattyCobourg](https://www.facebook.com/NicoleBeattyCobourg) Instagram: [@nicbea_xo](https://www.instagram.com/nicbea_xo)

Councillor Adam Bureau

Councillor Bureau is available for one-on-one meetings or is available to come and speak to community groups upon their request.

Stay up to date on the day-to-day activities of Councillor Bureau by following him on social media

Facebook: [@adam.bureau.1](https://www.facebook.com/adam.bureau.1) Instagram: [adam_bureau_](https://www.instagram.com/adam_bureau_)

Councillor Brian Darling

Councillor Brian Darling is an active presence in our community. If you do not run into him at a local event or celebration, walking downtown with his wife Lillian or at the Community Centre with his grandchildren, he is available for one-on-one meetings upon request. To reach Councillor Darling, you can email him at bdarling@cobourg.ca or phone 289-251-2177.

Councillor Aaron Burchat

Councillor Aaron Burchat is active in the community and attends numerous community events and open houses each month. If you would like to set-up a time to chat with Councillor Burchat, he is available to meet with members of the community in person or can connect over the phone.

To contact Councillor Burchat, you can email him at aburchat@cobourg.ca or phone 905-375-3535.

Councillor Miriam Mutton

Councillor Miriam Mutton appreciates engaging in discussion with residents and local businesses by phone, email or in person. Councillor Mutton stays actively connected with the community through her involvement with local organizations and attendance at local businesses and community events. To set-up a meeting with Councillor Mutton, you can email her at mmutton@cobourg.ca or phone 905-372-4301.

Councillor Randy Barber

Councillor Randy Barber appreciates engaging with members of the community in person, over coffee or on the phone.

To connect with Councillor Barber, you can reach him by email at rbarber@cobourg.ca or phone 905-207-4940.

Vehicles For Hire

Visit

[Cobourg.ca/vfh](https://cobourg.ca/vfh)

New Vehicle For Hire Bylaw Opens Opportunities for New Services

Last month Council implemented a new By-law regulating Vehicles for Hire (V.F.H.), such as Uber and Lift. The comprehensive by-law modernizes the Town's standards for our local V.F.H. industry, including Taxis, Transportation Network Companies (e.g. Uber, Lyft, etc.), Designated Driving (D.D.) Services, and Limousines.

This will create opportunities to welcome new services to Cobourg, helping us increase access to transportation while also ensuring community safety through police records checks, vehicle safety certificates and drivers abstracts.

Northumberland County Wide Licensing Collaboration

The Town of Cobourg has been working with other lower-tier municipal clerks in sharing the proposed regulations and provisions with the idea that they will adopt the V.F.H. by-law to allow for consistency and collaboration in licensing of defined vehicles across the County of Northumberland. The goal of this initiative would be to make it easier for all Vehicle for Hire companies to get licensed and remove any repetitive administrative burden. There would therefore be one set of licensing requirements for multiple municipalities, eliminating the duplication of processes from one jurisdiction to another and help support more health and safety and consumer protection of all residents.

The Vehicle For Hire By-law:

- Streamlines driver screening process – all V.F.H. drivers required to submit Police Record Check and Drivers Abstract on annual basis. (T.N.C. permitted to screen its Drivers and Vehicles based on Town's standards; T.N.C. screening is subject to City audits)
- Brokers/Companies are responsible for driver training.
- All vehicles (except D.D.s) subject to annual mechanical safety checks and appropriate insurance requirements.
- The T.N.C. is required to provide anonymized distance, fare, and time (start of trip and end of trip) data for each trip occurring within its municipal boundary. The anonymized data will be regularly reviewed and enable the Town to adjust its cost recovery model and to inform municipal planning purposes.
- Approach reduces the regulatory burden on V.F.H. Industry participants by only establishing standards that directly address the Town's regulatory objectives of health and safety, consumer protection, and nuisance control.

Waterfront Wisdom Pathway

When you visit the Waterfront this season, take some extra time to take in the beautiful lamppost banners showcasing artwork by local Indigenous artists Rick Beaver and Koren Smoke of Alderville First Nation.

Entitled the Waterfront Wisdom Pathway, the collection of 26 banners bring vibrant expressions of storytelling, tradition, and remind us of our connections to the land. The artists selected the harbourfront location due to the significance of water to Indigenous culture.

“We are thrilled to share the completion of this artwork with the community,” says Jackie Chapman-Davis, Town of Cobourg’s Manager of Culture, Events & Tourism. “These beautiful and meaningful banners will provide artistic storytelling of Cobourg’s unique connection to the land.”

The artists have taken different approaches to their designs of the banners, lending variety to the viewers experience as they walk along the path. Koren Smoke has assumed the teachings of the Seven Grandfathers, Respect, Love, Bravery, Honesty, Wisdom, Humility, and Truth. Rick Beaver’s pieces showcase themes of land and water creatures, plants and flowers, and features the very real connection to the Indigenous community and its art forms.

The banners start near the Marina (103 Third Street), along The Esplanade to the east side of Victoria Beach. A description of each piece of art is available online at [ExperienceCobourg.ca](https://www.experiencecobourg.ca). QR codes to scan are located on each post.

On Wednesday, May 15, the community was invited to a Waterfront Wisdom Pathway Unveiling Ceremony. Koren Smoke and Rick Beaver (top left) gave a guided tour of their work, sharing the significance of each piece.

About the Artists

Rick Beaver, A Michi Saagig Nishnaabeg residing on Alderville First Nation, Rick Beaver brings 45 years of professional artistry coupled with a background in trained wildlife biology. His unique perspective on humanity’s relationship with the land enriches the Waterfront Wisdom Pathway. He brings a unique perspective on humanity’s relationship with the land and the life it supports. He continues to teach, consult and advise in the areas of art, culture and the environment in retirement.

Koren Smoke, Hailing from Alderville First Nation, Koren Smoke, also known as Koren George, infuses her artwork with the traditions and culture of her ancestors. A passionate advocate for Indigenous art and culture, Koren inspires others to explore their identity and voice through her work. Her earliest memory of producing art was painting in first grade during her time at Roseneath Centennial Public School.

Summer Opening Dates

Food Trucks

Food trucks at the beach will be open on Saturday, June 15. This year's trucks include:

- Leguan
- Toller Pizza

Second Annual Report

The Town of Cobourg Economic Development Department is excited to present the second annual report for Economic Development and the Venture13 Innovation and Entrepreneurship Centre.

The 2023 Annual Report highlights the 2023-2028 strategy, providing insights into the town's vision and direction for economic growth. It showcases the diverse programming implemented in 2023, spotlighting success stories from Cobourg's dynamic business community.

The report showcases the achievements in investment attraction, highlighting the town's ability to draw in capital for business expansion and innovation. It also emphasizes the effectiveness of marketing and promotion efforts, spotlighting initiatives that have raised Cobourg's profile as a vibrant business destination. Economic Development and Venture13 celebrate strategic partnerships that have strengthened the local economy and facilitated collaborative initiatives for growth and development.

Your BUDGET at WORK

Key Budget Project Updates

In our February edition, we provided an overview of the Capital and Operating budget. Below please see an update on some of the key projects we know are of interest to our community.

New Customer Service Position to be Rolled Out Mid-Year 2024

A new, centralized customer service desk has just been installed in the lobby of Victoria Hall. As a preliminary step to implementing the Customer Service Strategy and Implementation Plan the Centralized Customer Service Desk will serve to greet residents and visitors, help them navigate municipal services and assist in addressing inquiries in one location.

The Town of Cobourg will be hiring for a new Customer Service position to occupy this station in the coming weeks.

Transit – A Limited Fixed Route Service Pilot Project One-Year Trial, in Addition to the On-Demand Service

After reviewing feedback from residents, Council approved an additional \$175,000 in the 2024 budget that will be used to introduce a new, Limited Fix Route pilot project.

At the May 8 Public Works, Planning, and Development Standing Committee, a report was received from the Transportation Supervisor regarding the award of the Transit Operations Contract. Staff have separated the transit contract into two separate contracts, one for Transit Operations (drivers, dispatching etc.) and the other strictly for vehicle maintenance for Town transit vehicles.

Staff were able to find efficiencies by preserving space at 390 King Street West, the old Public Works Yard, to store the buses on municipal property. Staff are also recommending that Council select a new Transit Operations provider. The RFP process is now complete, and rates provided by the proponent indicate that the limited fixed route will cost less than originally estimated, coming in at just \$73,000.

This Limited Fixed Route Pilot Project will operate in addition to our current on-demand service, improving accessibility for Cobourg residents. The limited pilot program will begin early September.

Your BUDGET at WORK

Return of Experience Ambassadors for Summer 2024

In April the Town of Cobourg hosted our Summer Student Orientation. During this session, students met Managers and Directors from all municipal divisions and departments. The Town of Cobourg takes this as an opportunity to integrate our summer students into the Town, but to also provide those who may be interested in a future in public service with some insights into the different career fields that exist.

Included in our summer student cohort were two Experience Ambassadors who will host walking tours, promote local businesses and restaurants, support the waterfront, and encourage people to explore Cobourg's local museums and cultural assets.

Fleet Electrification for the Building Department and Installation of Two Electric Charge Stations

If you have visited Victoria Hall in the last two weeks you may have noticed some work taking place adjacent to the Market Building Lot. Work will begin next week on the installation of two electric charging stations.

During the 2024 Budget Deliberations, Council initiated the actions of the of the Integrated Community Sustainability Plan. The Building Department will be transitioning from their current hybrid vehicles to fully electric vehicles in 2024.

This project is 100% funded by the Building Department's reserve fund with no impact to the levy.

Centennial Pool Open for 2024 Summer Season

During 2024 Budget Deliberations, 63.2% of Engage Cobourg respondents indicated they believe Centennial Pool is a valuable service for the Town of Cobourg.

The Town of Cobourg will once again be partnering with YMCA Northumberland who will be providing lifeguarding services at Centennial Pool this summer. The Pool is scheduled to open for the 2024 season on July 1 (regular schedule begins July 2).

For scheduling information please visit <https://ymcanrt.org/activities/aquatics/>.

A Message from the Mayor

Update on the Great Lakes and St. Lawrence Cities Initiative Conference

This week I attended the Great Lakes and Cities Initiative Conference in Montreal. I would like to thank my predecessor, Mayor Peter Delanty for involving Cobourg in this revolutionary organization. Founded in 2003, the Cities Initiative is a binational coalition which has grown to over 244 municipal and regional U.S. and Canadian local officials working to advance the protection and restoration of the Great Lakes and St. Lawrence River Basin.

Each year, more than 150 attendees gather around a key topic of interest to the basin and our communities. I was honoured to have recently been nominated and appointed as the Co-National Chair of the Economic Forum, along with the Mayor of Montreal. The topic of this year's conference was Economic Transformation. This included discussions on how we can harness our advantage as a region built around the largest reserve of fresh water in the world to drive clean and durable economic transformation in this vital trade corridor. We also examined how to leverage global climate action to attract new investment opportunities to the basin and assure the health of our freshwater for future generations and sustainable prosperity.

Resilient Coastal Projects Initiative (RCPI)

Great Lakes coastal communities are increasingly experiencing flooding, beach loss, and storms that threaten roads, utilities, homes, and community spaces.

The biggest barrier municipalities face when it comes to addressing these issues and preparing for future uncertainty is capacity. Coastal communities are now projecting that they will spend, on average, between \$1 and \$10 million over the next two years to protect their coasts. The RCPI helps local communities plan and fund innovative, nature-based solutions that protect natural resources, public infrastructure, and other community assets. Providing benefits for fish and wildlife habitat, recreation, and public access.

The RCPI has supported more than 40 U.S. communities with their shoreline challenges and the Cities Initiative is working to expand the program to communities along the Great Lakes and St. Lawrence River in Canada. Through my work with the Cities Initiative, I have taken a particular interest in the RCPI which has provided me the opportunity to advocate for Cobourg and the funds we require to address our harbour and Monk's Cove neighbourhood. I look forward to reporting back on the RCPI program and the progressive work that this growing advocacy group is doing.

Lucas Cleveland
Mayor, Town of Cobourg
