

## Relief Base Camp for Frontline Medical Workers and First Responders

Planning for emergency responder relief efforts are well underway as the Victoria Park Campground transforms into a base camp for frontline medical workers and first responders in need of respite and/or self-isolation from possible exposure to COVID-19.

The Frontline Medical Worker and First Responder Base Camp is closed to the public and to please keep a safe and quiet distance away from the Victoria Park Campground at this time.

## Northumberland Producers Unite to Manufacture PPE for Frontline Workers

An informal network of local manufacturers, makers and volunteers have self-organized a local supply chain for 3D-printing, rapid prototyping and production of Personal Protective Equipment (PPE)—specifically face shields.

As part of a community-wide response to the COVID-19 pandemic, the group is ramping up production to quickly address shortages of supplies for hospitals and long-term care facilities, emergency responders and essential services across Northumberland.
