

HOW TO USE "Where's My Bus?"

-  Search for an address...
-  Zoom in
-  Zoom out
-  Home Extent
-  My location
-  Forward and Back extent (handy if you've lost your place)

Search for an address here

-  Legend
-  Info (links to Twitter (pops out a new tab) and tells you everything you need to know)
-  Share (Please do!)

As you zoom in more info is revealed: first view is only routes and bus locations, at the second step the stops pop up and at the third step and closer you'll see the stop times.

Bus locations are refreshed at a 12 second interval when buses are moving.

Is the app not working on your phone?

Caching varies across mobile devices and mobiles browsers; if the bus locations aren't updating on their own, please refresh your browser.

Current Bus Location
