

**The Corporation of the Town of Cobourg**  
**Boardwalk Material Supply**  
**Contract No. CO-23-17-PWD**  
**Addendum No. 1**

This Addendum issued November 30, 2023 forms part of the Contract Documents and Specifications for the above-noted Contract and shall be read in conjunction therewith. This addendum shall take precedence over all requirements of the original plans and tender documents issued previously. The Bidder must acknowledge receipt of this Addendum on Appendix B of the Request for Quotation Package.

No. of Addendum Pages: 2

No. of Attachments: 0

**Purpose:**

The purpose of this addendum is to provide further clarification of the requirements as outlined in Request for Quotation CO-23-17-PWD in response to questions received by the Town.

**Clarifications in Response to Questions:**

The following responses are provided to questions received.

**Question 1:** *What are the 4 ideal supply delivery dates?*

**Response 1:** The Town's preferred dates for material supply are:

- January 8, 2024
- February 5, 2024
- February 26, 2024
- March 18, 2024

**Question 2:** *Who is responsible for the final spec sizes in HDPE for ordering?*

**Response 2:** The supplier will be responsible for specifying the final sizing of the HDPE members for a typical boardwalk section in compliance with the requirements of the RFQ. The sizing shall final sizing shall be confirmed based on the shop drawings submitted by the supplier and sealed by a Professional Engineer. The supplier's bid submission should reflect the anticipated sizing of HDPE members, in particular the stringer.

**Question 3:** *Who is responsible for the final quantities in HDPE for ordering?*

**Response 3:** The Town will be responsible for confirming the number of boardwalk sections. Based on the number of boardwalk sections, the supplier will be responsible for confirming the final quantity of HDPE framing members in compliance with the requirements of the RFQ. The quantity shall be reflective of the final spacing confirmed based on the shop drawings submitted by the supplier and sealed by a Professional Engineer. The supplier’s bid submission should reflect the anticipated spacing of members and resultant quantities. The Town will not be responsible for the cost of additional material (quantity or size) required due to design deviations from the size and/or quantity of material identified by the supplier as part of their submission in response to this RFQ.

**Question 4:** *Who is responsible for the final spec sizes in PT for ordering?*

**Response 4:** The size of all pressure treated lumber decking materials shall be as shown on the drawings included with the RFQ. The supplier will be responsible for confirming the final size of the end-cap members to match the selected size of the HDPE stringer members.

**Questions 5:** *Who is responsible for the final quantities in PT for ordering?*

**Response 5:** The Town will be responsible for confirming the number of boardwalk sections. It is anticipated that the quantity of treated lumber will be in accordance with the requirements set-out in the RFQ.

---

The Bidder shall sign this Addendum in the space provided below and shall submit this Addendum in the same envelope as the quotation.

Except as and to the extent that they are amended by the foregoing, all terms and conditions of the original Request for Quotation documents remain in full force and effect.
