COBOURG TRANSIT TRAVEL TIPS

On Demand Service

On-Demand allows for easy online booking with 184 stop locations.

When a rider books a pick-up, it is highly recommended that a return trip is booked at the same time.

Booking Window:

The booking window refers to a 10-minute window of time during when the bus will arrive to pick you up.

Arrive Before Time:

When booking a trip and selecting a ride, be sure to pay attention to the 'Arrive Before Time' which appears in red. This time indicates when you will be arriving at your destination.

Fixed Route Service:

35 Well-Placed Stops: The route covers the highest demand and popular locations.

Hourly Service: Buses will run every hour, **Monday to Friday from 9 a.m. to 5 p.m.**, providing consistent and dependable service. Bus schedule and signage will indicate how many minutes past the hour the bus is scheduled to arrive.

Accessibility/Ramps

At any time, riders can request that the transit driver deploy the ramp to board or disembark the vehicle.

Always allow a person with a disability to travel with a medical aid transit. This includes mobility devices (e.g., wheelchairs, walkers), service animals, or other necessary supports.

Storage of Mobility Devices

Mobility aids and assistive devices will be stored in the passenger area if required, within easy reach of the rider.

Strollers/Buggies

Collapsible buggies/strollers are permitted when there is room and other passengers are not inconvenienced. For the safety of all passengers these items cannot block aisles and children are not to be in the stroller/buggy while traveling on the bus.

Accessible Boarding and Exiting

Transit drivers must ensure that persons with disabilities can board or exit the vehicle at the closest safe location, even if it is not an official stop, as long as:

- The official stop is not accessible, and
- The alternate location is along the same transit route **(Safe location is determined by the operator.)**

Priority Seating

Priority Seating is for the use of passengers with a disability. These seats are located close to the front of the vehicle. Customers are expected to respect and obey the purpose of the designated seating area, which means:

If you are sitting in one of these designated seats, you **must** vacate the seat for a passenger with a disability.
