## NOTICE OF DECISION

On Application for Approval of a Draft Plan of Condominium  
Subsection 51(37) of the Planning Act

Approval of the Draft Plan of Common Element Condominium to the application in respect of the subject lands noted above, is proposed to be given by the Council of the Corporation of the Town of Cobourg. A copy of the draft conditions is attached.

*Note: Cobourg Municipal Council considered a number of submissions from area landowners regarding the land use planning amendments and the proposed Draft Plan of Condominium. One (1) submission was generally in support but included a number of questions and comments with four (4) presentations in opposition. There were also two (2) additional written submissions in opposition and one (1) written submission with questions/comments. Most of the submissions and questions were technical in nature and are accommodated within the Draft Plan of Condominium conditions and will be included in a subsequent Subdivision Agreement, Condominium Agreement and/or other condominium documentation. The major questions and concerns of the submissions included but were not limited to such matters as: a public street vs. a private/condominium lane; site grading and drainage, including off-site drainage concerns; the design, construction, operation and maintenance of the stormwater management system; the environmental sensitivity of Nickerson's Woods, including a 30 m buffer from the edge of the watercourse and appropriate edge management treatments; landscaping, fencing and other buffering measures; open space areas and related facilities; tree protection/replanting; parking; and, the west-side infill lot.*

*Following the Public Meeting on June 25, 2018, a detailed response to the submissions was submitted from the applicant's planning consultant on behalf of its design team, as well as a Report from municipal Planning Department staff, both of which were presented to Council prior to the approval of the land use planning amendments and conditional approval of the Draft Plan of Condominium. These follow-up responses described how each of the submissions were addressed via the existing background information and/or via conditions of Draft Plan of Condominium approval and a future Subdivision Agreement, Condominium Agreement and/or other condominium documentation, as applicable.*

*Therefore, based on all information available, Cobourg Municipal Council approved the Draft Plan of Condominium with conditions as affixed hereto.*
