

The Cobourg Marina would like to remind boaters of the following important pieces of information in regards to the **Depths at the Entrance to the Cobourg Harbour**:

- Boaters are advised to reference the most recent edition of Nautical Chart 205401 Cobourg Harbour published by the Canadian Hydrographic Service.
- Depths at the entrance to Cobourg Harbour may be greater than indicated on chart due to Dredging activity.
- Boaters are encouraged to follow deep water course within harbour as indicated by nautical chart.
- Updates will be posted to the Marina's homepage on a consistent basis and all boaters are encouraged to reference the posted dredged depth.
- Boaters are also encouraged to seek out local knowledge by calling the marina office if depths are a concern at 905-372-2397.
