Q9 Victoria Park Campground/Cobourg Trailer Park: Statement of Facts
 Victoria Park Campground is a 3.8 acre parcel of property located at 138 Division St. The park is bordered by Division St. to the east, Victoria Park Beach to the south, Victoria Park to the west, and mixed use residential and commercial development and Centennial Pool to the north. The park consists of 71 serviced R/V sites and 5 unserviced tent sites. There is an on-site sanitary disposal station. In 2016 the campground generated in excess of \$279,000 in revenues and payed out over \$107,000 in expenditures. The majority of expenditures are paid to local individuals and businesses. This means the campground generated a surplus in excess of \$172,000, of which \$20,000 was transferred to a reserve fund for future capital expenses for the campground and \$152,000 was used to help offset general tax levies. Please indicate your level of agreement with each of the following statements on a scale of 1 to 3, with 1 meaning 'disagree', 2 meaning 'neither agree nor disagree', and 3 meaning 'agree.' Q10 Cobourg Marina: Statement of Facts

Cobourg Marina is located at 103 Third St. The marina consists of a 4,500 sq. ft. administration building with washroom and shower facilities. The 218 boat slips occupy the northeast section of the harbour. The harbour is bordered by approximately 2,190 linear ft. of seawall, 1,240 linear ft. of breakwater and a 650 ft. west headland. Additional marina facilities include a single lane boat launch ramp, 185 ft. fuel dock with gasoline and diesel fuel storage and dispensing facilities as well as a sanitary pumpout station. The two underground fuel storage tanks have a combined storage capacity of 25,000 litres. Boat storage is located in a secure 1.12 acre compound at the south end of Hibernia St. and can accommodate 65 to 70 boats.

The marina currently occupies approximately 27% of the total harbour area. In 2016 the marina generated in excess of \$676,000 in revenues and paid more than \$631,000 in expenditures. The expenditures included harbour maintenance costs that were not related to marina operations. The majority of these expenditures are paid to local individuals and businesses. This means the marina generated a surplus of more than \$45,000, which was deposited into a marina reserve fund. These funds are used to fund capital expenses relating to the marina as well as the harbour. Cobourg harbour is strategically located for both tourism and utilitarian purposes. Tourism benefits from short or long stays by visitors who take advantage of proximity to the downtown core and its services. From a utilitarian perspective, it provides the only harbour of safe refuge between Whitby and Presquile Bay, a distance of 60 nautical miles, and was selected to support a permanent coast guard station. Regardless of marina

responsibilities, a minimum level of service would still be required to provide this emergency function.
