

Cobourg Public Library 2021 Budget

Presented by
Tammy Robinson, CEO
Cobourg Public Library

2020

With the impacts of COVID-19, 2020 caused all of us to adapt like never before. The Library was one of the first Town facilities to offer modified service to the public.

The Library started a contactless curbside pick-up service. This service has continued while the Library has opened and expanded services.

The Library offered Story Time on the Lawn – a safe, and popular, alternative to in-person programming.

Service Delivery Review

- The Library is one of the most used services in the Town of Cobourg
- The Library is one of the most important services to the residents of Cobourg
- The level of service provided by the Library is one of the best in Cobourg
- The Library provides the service for much less than some other services in Cobourg, and in good comparison with similar municipalities

Plans for 2021

- Creating rejuvenated and safe programming spaces for our community, both virtually and in-person.
- Increase hours from the current reduced schedule due to COVID-19
- Work with Town of Cobourg to implement the MOU regarding facilities

Cobourg Public Library

A vital and resilient community service.
