Effective Date	March 23, 2000

All programming must support the Cobourg Public Library Board's Mission Statement for being *an exceptional community resource for information, exploration, inspiration and enjoyment*.

Programming provides information, invites public discussion, encourages curiosity and creativity, and promotes literacy and reading. Programming promotes the library's services and resources and is sensitive to the programming of other local agencies and organizations. This policy defines the provision of programs by Library staff and through co-sponsored or partnership activities.

The Cobourg Public Library upholds the principle of intellectual freedom embodied in the Canadian Federation of Library Associations' *Statement of Intellectual Freedom* and Libraries. Library sponsorship of a program does not constitute an endorsement of the content of the program, or the views expressed by presenters or participants. (Maybe add: See *Intellectual Freedom Policy*)

The Library may deliver programs that present controversial or opposing points of view. All expressions of concern should be addressed, in writing, to the CEO of the Library.
