

## *Office of the Mayor*

October 1, 2025

At our most recent Council meeting a member of Council brought up the corporate credit card connected to the Office of the Mayor. This corporate card activated under the previous mayoral regime is common in communities across Canada.

Pre-electioneering and co-ordinated theatrical histrionics aside, this information in question is already fully available and has always been a matter of the public record and will of course continue to be accessible to all Councillors and citizens alike.

I want to thank Councillor Bureau and Deputy Mayor Beatty, in particular, for inspiring the following idea.

Starting October 1<sup>st</sup> 2025, I will be publishing every single expense on the Office of the Mayor website every month going forward regarding the Office of the Mayor corporate credit card, so that anyone interested in what those expenses entail will have them readily and completely available on a continuous basis.

I will also shortly be enacting a Strong Mayor directive around this corporate card.

Thank you,

A handwritten signature in blue ink, appearing to read 'Lucas Cleveland'.

Lucas Cleveland  
Mayor, Town of Cobourg
