## Cobourg East Community Secondary Plan Area Municipal Servicing Class EA

### Study Background

The Town of Cobourg and the Cobourg East Development Owners Group as co-proponents are initiating a Municipal Class Environmental Assessment Study to provide wastewater and water servicing infrastructure that will support future development of lands within the Cobourg East Community Secondary Plan Area (Cobourg East). In this regard, the municipal wastewater and water services will be designed to extend and support the full build-out needs of Cobourg East for ongoing and future developments.

The Study is being conducted in accordance with the planning and design process for Schedule B projects, as outlined in the Municipal Class Environmental Assessment (EA) process. The Class EA includes opportunities for public, Indigenous community and stakeholder discussion and feedback.

### How to Get Involved

As part of the Study, future engagement activities will be arranged to allow local residents and interested members of the public an opportunity to actively participate in the planning process.
